

Mission Statement

At the Montwood church of Christ, our mission is summed up in the ideas of personally knowing, powerfully showing, and prayerfully going.

Personally Knowing (the love of God)

His love is better than life. Our mission starts with the conviction that God, infinitely more than anyone or anything else, is worth loving. Not just heard about, but personally experienced as ultimate reality.

Powerfully Showing (the love of God)

We were made to be pipelines, not puddles. We not only experience his love ourselves, but we show it to others. Because Jesus so purposefully loves people, we are intentional and deliberate about showing the love of Christ as well. And we trust him to work powerfully through us as we do.

Prayerfully Going (with the love of God)

The Spirit burns within us to tell the news of God's love to those who haven't heard. So we reach out, and we go out, asking the Spirit to lead us to those who still need to hear. They may be half a world away, or half a block away. We go to them with the love of God, and invite them to share in it.
